### The Premises:

Very clean and good for parking as described on other FRs. Note that the walk from Bletchley is only about 15 mins, so waiting for the Fenny Stratford train from Betchley may be pointless if you've missed it. I took a cab from Bletchley. £3.

### The Lady:

Tallish. Smooth firm skin. Absolutely gorgeous big natural boobs, again very nicely toned. If you like big, natural and firm/heavy, rather than big and light/soft. Nipples get hard. (She was at an LMP party I'd been to few years ago but didn't have the pleasure of her on that occasion)

### The Story:

First time with Jess.

Jess was out of her black/blue tunic and ready when I came out of the shower. Omg! My inclination was to go straight for the boobs for a fondle, but being Ego Massage I kept to the standard process. The massage was top class. The usual credit card swipes, reach across, accidental boob tease etc. I was trying to reach for them while being face down, a thrill in itself. The oily body to body was as good as it gets.

When I turned over, Jess revealed her masterstroke - she stood at the top of the table, behind my head, and reached down towards my cock thus making her huge natural boobs dangle right over my face begging to be sucked. How could I refuse?!!! A fantastic 'under boob' view too. Her nipples were hard, though not as walnut-like as Rachael's (seen many times). Currently Jess and Rachael are my favourites at Ego.

The build up to the finale was with the huge boobs dangling for suck. Perfect. I came gloriously and loud. I left totally satisfied. Walked back to Bletchley.

The girls were getting ready to leave so had the chance to meet Tia, now dressed in going-home clothes. A giggly English girl I'd like to see next time.

I wish there were more of Ego-type places closer to London :)
