### The Story:

Elektra asked what I was looking for and responded by saying I wanted a good snog.

She started off with full on deep French kissing stuffing her tongue right down my throat and sucking my lips for all their worth. This lasted for about 5 mins before moving onto OWO. Elektra clearly knows what's she's doing as there was a perfect amount of sucking and stroking with lots of eye contact and moving between the head, shaft and balls throughout.

She then put on a condom expertly using her mouth and proceeded to move on top of me with her legs spread allowing me to have a perfect view on me entering her like a pornstar. She had lots of energy and continued in this position until I decided I wanted to drive. We swapped into missionary and our hips moved in perfect harmony. I could tell she was really enjoying it so I increased the pace until she could take no more and she orgasmed whilst gripping her legs righting around my body. We snogged some more and it was then my turn, so I went in as deep as I could whilst she whispered dirty thoughts into my ears. I orgasmed and wiped off the sweat from my head, proud of my work.

We lay down in each other's arms, chatted for a few minutes. I was offered a shower twice but declined as I wanted to have one at home. Overall a positive first experience in a new parlour for me and I would recommend anyone who hasn't visited Elektra to give her a try, you won't regret it.
