### The Premises:

She has a small flat, which is fine since after all not much happens besides on the bed, as long as the flat is clean and warm, which hers is. Her bed is wide and comfortable, and naturally she has a shower.

### The Lady:

Diana is very hot. She's not quite as perfect as her pictures, but still a fucking bomb, on top of which she is unbelievably kind and upbeat. Very professional in all the good ways and none of the bad ones. Physically she is about average height for a woman, black hair, a cute small head with delicate eyes, mouth and nose, nice white skin, legs just as I like them, wider at the top and thinner going down. Her whole body is a bit stout but not fat at all. She has big and elegant breasts, and a butt which is round and firm. Her pussy is nicely shaven and tastes very good. I was happy she took the trouble to wear what I asked her to. I admit I chose her a lot for her marvellous boobs and ouch!, she did not lie about those! I kept staring at her tits and her beautiful butt and those damn legs and her silky raven hair and pretty face and I could not believe I was about to fuck this woman!

### The Story:

From the moment I entered, and when I left, she hugged me in the sweetest, most feminine way possible and I was already melting from the feeling of her. She definitely knew how to get me hard right away, as while we were getting to know each other a bit she was slightly dancing like a stripper and gently rubbing herself on me; when she turned around for a bit and was rolling her butt next to my pants, I grabbed a handful of it and..phwoar!

Since we were a bit short on time we skipped the shower altogether and after some scrumptious kissing, we went right to the best sex that can be bought in my experience.

While she was grinding on my cock with her leg, I was in heaven when I did what I wanted to do since I saw those pictures and got to bury my face between her luscious boobies. It was so good I had her take off that bra right away so I could admire those wonders and suck on her yummy

nipples.

She suggested a blowjob and I wasn't about to say no, plus with no condom, I was the luckiest man

at that moment to feel her warm lips around my cock while I could explore every inch of her bare body with my fingers, including her delicious, perfectly shaven pink pussy. The moment I touched that soft fuckhole, I couldn't resist bending over and feasting on it like a ravenous wolf.

I was happy to let her gulp at my shaft for as long as we had but since I had had her take the wheel, after a long while of stuffing my face with her succulent cunt and occasionally rubbing my face and tongue on her cushy behind, I got in and it was a delight hearing her moan with pleasure as I pounded her like a bull. Meanwhile, every part of her body that I could reach was like honey under my lips and I felt I was gliding on a sea of velvet her skin was so soft with her massive knockers jiggling wonderfully.

In every position we tried out she knew how to rock that mouth-watering butt over my stone cock so much I couldn't resist spanking it a few times and I was happy to see she didn't mind at all.

If you do see her, don't miss out on her riding on top of you, as one moment I was grinning from seeing her big titties bouncing and swinging from her jumping up and down on my cock, another moment she was teasing me with those boobs right in front of my face and I didn't even try to resist grabbing them and fondling them and kissing them and licking them and just covering my face with them; all round, lying comfortably on the bed having the leisure to get my hands all over this gorgeous woman at my fancy while she was doing all she could – and that's something – with her amazing body just to make my cock happy, I was a king!
