### The Premises:

The GFE in Attercliffe, the parking just across the road it's feels very safe and the entrance is reasonably discreet. The place is well decorated and very very clean, I was allocated the room with the ceiling mirror. The shower was warm and the bed linen clean.

### The Lady:

Charlotte is gorgeous; a very pretty face, green eyes and long brown hair. She has a models body, slim and toned not an ounce of fat on her, she clearly looks after herself. Her boobs are small and perky, she has a little juicy oval bum and a skinny waist.

### The Story:

After my shower she dried me off a little and gave me a nice gentle front massage. I tend not to give girls too many directions when I am with them as I like the excitement of not knowing exactly what I am getting. Charlotte has me pegged as someone who likes to start off slow and gentle, she began with a really gentle hand job then slow teasing oral. I just laid back and drank her in. She knew I was enjoying the view and played along, positioning herself so I could watch her attending to my willy her eyes flicking between looking at it and looking straight at me.

When I was nice and hard she asked how I would like to do it and for once I began with missionary, mainly because I wanted to keep looking at her. We popped a pillow under her bum and I started to pound away. I got loads of eye contact from Charlotte while I was inside her and that always does it for me. Later we switched to her on top with her back to me, which gave the most amazing view of her bum as she slid in and out of me, her butthole looks as if it has been bleached as it is spotless. She came off and gave me a handjob for a little bit, then popped on again facing me, riding me harder this time. I might be getting the wrong end of the stick but I get the vibe that Charlotte doesn't like having her boobs mauled so I leave them alone. When I was close to climax I pulled her down and held her close. Afterwards, she cuddled for a little bit and popped in the shower.

I have seen Charlotte about three or four times and she usually does something a little different every time I am with her, this week it was gently stroking the skin underneath my balls and along the top of my butt cheeks, she also placed her little hand on my throat at one stage while she was riding me and that was quite exciting.

Putting aside her stunning appearance, Charlotte's strengths in bed are her sensuality, some

women just know how to touch a man; Her empathy, she reads you and tries to figure out what will please you and her personality she is bright and breezy and very easy to chat to.
