The Premises:

Basic upper floor flat, nothing special but clean and tidy. No complaints, Annabellas never really let you down with the locations.

The Lady:

Slim, petite, nicely toned blonde girl. Good looking but nothing like the pictures in my opinion.

The Story:

I arrived on time, Aylin opened the door and welcomed me in, I was shown to the room where I was left waiting approximately 10 minutes while she got ready. She wasn't dressed for sex and I was disappointed as you would think for a pre booked appointment she would be atleast dressed and ready for the appointment to begin on time. Not a great start there.

She then returned 10 minutes later and stripped off without a kiss or any intimacy. Her profile states she offers kissing and OWO, when I asked for these, on both occasions was sadly told that she doesn't provide these services. I arrived showered, clean and tidy so unsure as to why she wasn't willing to provide the services listed on her profile. On with the rubber and she started to perform oral which was weak, no passion or desire to please it was almost as if she wasn't interested. Probably the worst blow job I've had. Blew my load in the rubber twice, then asked for a handjob which again was performed with a condom! I didn't know whether to laugh or cry at this point so I just let her continue as I didn't want to be rude.

Putting aside the very poor performance by her with the services she provided or lack of, she was very friendly and nice to talk to. We had good conversation in between but us punters don't pay £120 per hour to have a chat, let's be honest. The appointment was finished 10 minutes early and I was shown the door. Oh and was given a peck on the lips on my way out lol. Started 10minutes late and finished 10minutes early so understandably I felt like I had been short changed on this occasion. Also if the girls don't like providing certain services then please don't list them on their profiles.

It's normal to have a bad experience every now and then, however it seems like it's happening

more and more often now. Being a loyal customer of Annabellas for well over a decade, I feel a lot of these Eastern European girls are tainting the name of Annabellas and House of Divine who deservedly have an impeccable history built over years of great service they have provided their customers. That's not to say all the EU girls are bad at their job (I've had some great experiences in the past with some), but the majority of them from recent experiences I've found them to be uninterested during the bookings, with a lack of enthusiasm and you get the impression they hate the job and are just doing it for the money.

Would I recommend Aylin, absolutely not unless you're an experienced and confident punter who knows how to get what he wants from the visit. Or just want to pay for some eye candy. For the slightly less experienced or less confident guys, I would avoid, there's definitely other girls at Annabellas who will look after you a lot better and provide you a much better service.
