### The Premises:

This was a few years ago when HoD had a premises next to Warren St station. I walk by there everyday, so it was a lot more convenient than it is now, all of the locations being further south. Large flat, nice maid, big rooms, nice facilities.

### The Lady:

Apple was hot--very much like the photos. I really like Asian women and she did not disappoint. She had a slight allergic reaction at the time to some shellfish she had the night before, but other than that everything was great. Perfect height for me.

### The Story:

To be honest, I have followed HoD for years and always plan on going in but the 11am opening time does not jive well with my work hours. I have certain peculiarities of habit--have to use a certain stall in the men's room, etc. With women, I have to be the first of the day or close to it, or no go. I had two main dreams, one for Apple and one for Jenny who seems to have moved on. I was lucky enough to see Apple. Although I use the Asian massage parlours all the time in Central London, this was a little more frightening for me than those and I was quite nervous, not knowing what to do. Apple put me at ease, was very friendly, laid me down on the bed, and gave me a great uncovered blowjob. I came in her mouth, after a short period (I am a relatively quick comer), I don't know if that was okay, but she did not complain. My first time doing this at HoD, I left while she was out of the room. That was rude I would expect, but again I was nervous. I have to say though that the entire experience in terms of service was fantastic and would highly recommend her. At no point did I feel she was doing anything other than taking care of me. If I had been in more command of myself, I would have done more, maybe next time, although I might try next time with Effy, Kayleigh, Viva, or some of the other beauties who have also appeared and look fantastic on the website. Now, just to get up the courage again to make that call.
