The Lady:

Brit, 20 something, tall, full figured, brunette, fully shaved, well spoken, erudite. In appearance more like the stereotypical teacher, nurse or social worker than the stereotypical working girl. I'm sure that the photos on her HoD profile are of her.

The Story:

Harper provided an owo to die for. This went beyond the scope of that offered by the majority of other HoD ladies of my acquaintance by extending to the scrotum while she stimulated the area around the perineum and beyond with her fingers. Digital internal stimulation was on offer which I declined. Also on offer was fk, ro and intercourse which I was happy to accept and she seemed very obliging throughout. I finished with more owo and anal play - she said she didn't do cim - and it came as no surprise that my climax was long lasting and extremely powerful.
