The Premises:

Great apartment in the Gloucester Road / Earls Court area. Warm and comfortable, very nice and tidy. She also let me go around a little earlier because I didn't want to hang around in the rain. Very spacious inside, nicely lit. Just lovely. Nice shower and fresh, clean towels.

The Lady:

Nicole is definitely the girl in the pictures, but I have to say that she looks much better in person. She has a cracking figure, but she's really tiny! If you like small, petite girls, she's definitely for you. She's 21 years old, slim and very sexy. Her English is perfect too, and she likes to chat too.

She was wearing bra and knickers and a pair of heels when I arrived. She's was lightly made-up too, and looked superb. I knew straight away that I'd made the right choice. They've all be good from so far from this agency, and they really know how to recommend.

The Story:

After a bit of a chat, some flirting and a shower, we got down to being naked on the bed. It was very relaxed, and very girlfriend like. I had to take some time to appreciate that body. Lots of kissing and stroking. She really got into the action too. Loves to be sensual. She slowed things down again however, which was quite welcome, with a nice oily massage. Turned on my front and she went to work. This was one of the high points of the booking. I hadn't requested this when I booked, yet when I went back to my apartment later I checked and I think she's actually supposed to charge extra for this.

It was a body to body massage, and I don't mind telling you that her perky young tits sliding all over your back and popping over your shoulder is something that you have to feel and see! Nicole really knows her stuff. This went on for a while and I could have had her do it all night had we had the time! She turned me over and massaged me some more before reaching for a condom. I then asked her if she did it without and she did. She giggled and said that she always goes for it, because some people want it. Had no problem without.

A very good blowjob! Really gets into it, looked me straight in the eye. Nice technique. I had to stop

her so I could calm down a little. Needed to get more involved! Sex was wonderful with her on top first, and those perfect boobs look and feel amazing. This is where things really started to heat up. She loved it when I took a hold of her around the waist and then stroked her back and shoulders and she started to tell me she was going to cum. It was so hot watching her then take control of the situation. She fucked me fast, then slow, then stopped completely. Laid her hand on my chest and pushed down to manoeuvre herself etc. She did this pattern a few times and then climaxed. She's really hot! I especially loved the way she was very sexually confident.

Missionary was another great position. I could get nice handful of her ass, kiss her neck and watch those boobs wobbling around. She started to tense up and get "in the zone" again in this position, and she started moaning again and telling me that she was going to cum. This really encouraged me too and I couldn't hold on much longer. Luckily she came first and I had time to turn her over for some more fun before I finished. A fantastic screw... Really passionate!

Would I recommend this girl? Hell yes! And at this price, you really can't go wrong.
