Lara is amazing. The photos really don't do her justice. If you like your lady gym fit, toned, tanned and stunning, this could be just what you're looking for

The Story:

First time writing a review, but this experience really deserved it. I can't believe anyone hasn't written a review of Lara previously.

I've been visiting Annabella's for about once a month for around 18 months, and this was my first visit to see Lara. I'd been waiting for the opportunity when my diary was free and she was working with some anticipation.

Lara is amazing. She's very chatty and free with her time, very gentle with her touch, and genuine. I was shown in by one of the other girls and freshened up quickly before Lara came in. She greeted me and gave me a lovely deep kiss, putting me right at ease. Not everyone is keen on this, but it's a big tick for me. I was told to get my kit off and Lara was happy to lie on the bed and make conversation while I did. As soon as I was down to my CK's, she was straight up and kissing me again. The equipment was growing ready and she unleashed the beast before jumping back on the bed on all fours and taking me in her mouth.

I was enjoying it very much and would rate it as one of the best blow jobs I've ever received. She invited me to lie down and continued to pleasure me with hand and mouth. I was getting rather over excited, so we paused to put a jacket on the fella before Lara jumped on top and rode me.

She mentioned that she hadn't seen any doggy action for a while and I was only happy to oblige.

That has to be one of the most memorable things I've ever seen, in front of the mirror, Lara rubbing her clit and my balls until she came and I did not long after.

Suffice to say, I'll be back at the first opportunity.
