The Story:

There are not the words

She is such a friendly and cheerful girl and communicates so well. despite the gap in the years I felt really at home with her. Such a good start that was amplified as we got down to business. I explained my little likes and that was no problem, we talked about why ladies don't ever tell us blokes what they like, but leave it to us to work it out. But she was not backward in the heat of the moment to give me directions. Nor was she backward in explaining the slight bruising. Ha!

If I could I would spend every lunch time with her.

Next time I see her I have a fantasy to work through.

Gentleman - I will put this simply. I very rarely visit the same girl twice. Now that I have met Belle, I will only visit her. My roaming days are over.

There is no higher accolade.
