The Story:

Had seen Carly a couple of years back for a massage and hand job in a basic session or basics as the girls at Soft Touch say and was very impressed. Decided to visit again and was not disappointed. Dealt with the first part of the paperwork at reception and the second part with Carly. Was struck by her pretty face and easy going nature, we discussed the industry and punting seen. I understand from her she has been working at ST for circa ten years and is one of their longest serving members of staff... We also discussed other places and independents. On with the task at hand, lively OWO, she does a nice flicking motion with her tounge all very simulating! Cover on and shagged her in the missionary position hard and fast. She took my dick which is a little larger than average well. Double checked with her the as described services online and went for OWO to CIM, that BJ didn't last long, she is clearly a real professional. We did some mutual wanking, what a glorious sight seeing her wank her cunt with a toy! Cleaned up and more banter about punting and chat. Really good punt, nice girl, really funny and confident. I'll see her again.
