### The Premises:

Usual mk flat. Very discreet. Nice clean place. Plenty of cheap parking. All good.

### The Lady:

Lovely looking girl, mid to late twenties. Quite tall and slim with nice body. Very much like photos.

### The Story:

As already stated lovely looking girl with nice sexy accent. Greeted me with a nice kiss in a very hospitable way. First impressions make all the difference !

Adrienne was very friendly and accommodating and seemed to go out of her way to please me. She did everything in a warm natural way and wasn't the slightest bit mechanical. She also was very patient and not a clock watcher, but obviously time is important in just 30 minutes.

I've read so much narrow minded negative rubbish online about Romanian girls, which is probably why lots of them describe themselves as East European. Frankly it's just not true. That's not to say that some from Romania aren't bad, but by the same token there are plenty of British girls that are pretty awful. It doesn't matter if you're from Romania, Uk, Hungary, Poland or even Mars it's all about the person as an individual. The proof is in genuine girls like Adrienne who in my opinion was really very good !

If you're reading this Adrienne I was the one where you hardly had any orange juice left, but don't worry you made up for it with your sweetness !

Thanks for a lovely time and I'll see you again soon. X
