The Premises:

My first visit to Massage Northampton, entrance is on a busy high street, door open no buzzer which is a bonus. Was told to find the room myself at the reception room seemed pleasant with shower.

The Lady:

Fit little Thai girl, very short only 4'10" I'd say and very small all round, face pleasant enough but not the cutest, enhanced boobs which as usual feel too firm for my liking not that I got much chance to have a feel.

The Story:

Can I say from the start that as always I arrive immaculately clean, shaved, fresh breath, well mannered and upfront with the money. But unfortunately I got an uninterested girl that used all the tried and tested stalling tactics. I agreed to another shower while she waited and watched which was a bit strange. Then she briefly inspected my cock with a degree of suspicion, I am absolutely immaculate down there by the way. But she agreed begrudgingly to OWO which proceeded poorly, very mechanical while staying well down the bed to stop me from playing with her. Somehow I managed to keep my hard on and she then put the condom on and slumped on me cowgirl style but didn't move much. So I suggested Doggy and actually this was the best part of a bad punt as as I had more control over it. I was encouraged to come ASAP and since it was already a poor punt I decided to cut my losses and oblige. Then I was offered another shower which I took but was obviously just another stalling tactic. Even though I didn't enjoy the experience I tried to remain chatty and friendly to the end and left after only 20mins, 10mins of which consisted of showering! So on the whole not a very good punt. I say again, because this is the usual line of defense for giving a bad punt, I'm always squeaky clean, no problems, not overweight and polite. Plus many other local girls are very happy to give me good experiences when I meet them. So I can only assume she hates the job which is very sad, had a bad day or just don't like me because I'm an older guy who doesn't look fantastically attractive. Nuff said
