The Story:

When she came into the reception I started to get hard just looking at her Beautiful is the only word to describe her i got showered and she joined me in the room which to be honest was a bit too dark as I would have liked to look at her a bit more slipped out of her basque and proceeded to give me a nice massage her big tits sliding up and down my back the roll over and an excellent blow job she then rode me cow girl before switching to doggy the only issue was a I slammed into her from behind the bones of her pelvis dug into me which was a bit distracting we then finished with more oral. If you like beautiful women she is perfect I like mine a bit tarty and with a big bottom so I although it was great she will not be my first choice next time however one look at her in white underwear and I may change my mind and just go for the blow job which was one of the best I have had
