The Story:

Arrived on time, greeted by Amy outside the flat, unfortunately one of the girls with the key was running late (oh well these things happen) I've seen Amy in the past and she looked even more beautiful than I remember. We had a little chit chat while waiting and she was very sweet, she said if I could stay longer as time was running over and I said that was fine, so that I would still get 30 minutes. After 15 minutes the girl arrived with the key, waited around 5 minutes for Amy to get ready. Clothes off and she started with the BJ, it became clear she wanted to rush this through even though she assured me that I would still get 30 minutes. It can take me a little time to relax into things so less than a minute in she popped the rubber on, I would say I was semi hard and she started in cowgirl, then again she quickly wanted to change position, so missionary and that was fine, then I started noticing she was checking her watch a couple of times. We moved into doggy, she was quite high up and I wasn't comfortable so a couple of times I tried to move her into a better position but she just told me to get on with it and said she hated that I was pulling out, she was starting to get very frustrated. So I thought she clearly wants me to just finish, asked for a handjob that was received with a hard grip and very fast pace, not the most sensual but it was fine. She also doesn't like to be touched down below and refused any touching there. I was surprised by this performance based on the previous experiences I had with her . I guess we all have off days. The whole experienced lasted about 15 minutes so I was clearly disappointed.
