The Story:

I had spotted Linda's adverts a few years ago and was intrigued, but never had the time to visit her on my trips to London. That changed a few weeks ago, when I contacted her and we agreed to meet. I had shared my interests with her by email, and so after spending a few minutes getting acquainted, we talked about what I was seeking, which was a serious seeing to from my girlfriend, which she was most happy to provide. Without going into great detail, she had me strip, and then took me over her knee for a good, long warm up, which had me squirming in her lap with some delight. Sensing that I was enjoying myself too much, she ordered me over her spanking bench, strapped me down, and proceeded to thrash me with her crop, leather strap, and wooden paddle, all the while informing me how I was to please her later. Just when I thought she was done with me, I heard the swish of the cane, and knew I was now really in for it. Sure enough, after six sets of six of the best, I was willing to do anything she wanted. I'll leave that to your imagination, although I will add that I loved spanking her gorgeous bottom. We agreed to continue to explore our mutual interests when next I visit, which can't be soon enough. I highly recommend her...she's the best!
