The Premises:

Having hoped she would be located in CMK got the text she was in Bletchley. Using public transport I got off at MKDONS and made my way there.

Was greeted by the maid smoking outside and told to take a seat in the room. Room was nicely lit, tidy with the curtains drawn. Sofa really needs to be replaced as it just sunk to the bottom.

The Lady:

As stated on the bio a good height and boobs

Spoke English well.

Tattoo on the right hip

Having now met Gemma and having a picture in my mind, on what she looks like based on selfie pics I didn't find her that attractive but was good enough for the visit.

The Story:

To start I have given the visit a negative score as I found more negative points than positive to give it even a neutral.

Was on my way to the booking and texted my confirmation. Got the text she was in Bletchley and not CMK. So decided a plan B and texted to find out who was free now. Got a quick text back and still couldn't decide.

On the way down I noticed the bus was passing Bletchley and got off. Managed my way over and made it in good time. Was told to pop in and went up the stairs to be met by the maid smoking and was told to go in and take a seat in the room. Made myself comfortable and advised I wished to take a shower and was told it upstairs on the left.

Showered and got in the room before Gemma popped in and gave her the fee and she went round

the bed took off her top. I came over and started the booking by kissing and enjoying her boobs before she laid on the bed. Gave a little RO and got an erection. So asked for the condom and had sex in missionary. Cleaned up and then it all went down hill.

All was well and we kissed some more and enjoyed her boobs. After a little time from kissing I asked her to go on top. When she gave the heart breaking news, that no more sex was happening as she only does 1 time in 30mins and OWO was off the table as I had cum, so will only do OW, as she thinks a drop of semen is CIM and doesn't like the taste either.

After this point my interest was gone and just started to chat and enjoy her boobs with her on top. Very little involvement from Gemma happened except some kissing and a small kiss on my nipple, but to be honest all the ladies just take a back seat unless you instruct them.

After talking and boob enjoyment I was told my time was up and showed me her watch, 11.35. This was confusing at the time as I said I booked for 11.15 till 11.45. She told me the time we shared + the shower was 30mins. From a previous booking I got the shower time for free and told her my thinking. Not wanting to get too involved, Gemma said you need to talk to the maid and collected her things and left.

The two maids popped in and explained that I had bad info and that the shower was included in my time. Being 30mins and as the maids were the call centre I was 'shit out of luck' to complain about this and just accepted the situation and collected my things and left while Gemma was in the kitchen without a word of goodbye.

Overall in my opinion this wasn't what I had in mind in the booking. Walking the streets and thinking about this further I was disappointed that one Gemma services were misleading of sorts regarding OWO, yes she does but not after you cum and two, its only 1 sex in 30mins which goes against house rules to my understanding. The advice I was told by Gemma was you should ask before you start the booking what her services are and then begin.

The other is the showering but this can be explained away as an misunderstanding as I asked on my last visit if showering was FREE and was told yes. Its sad really as on hot days if I visit the lady will have to deal with a sweaty me in the booking. Even though I read provides complain on twitter about this their really have themselves to blame and must deal with it, as happy as I am to shower before the booking, I'm not happy paying £2 a min for the privilege.
