The Story:

The review specifications asks me to be detailed but in respect to this lovely woman I'll try my best to summarise and leave some things to the imagination.

I've never been one to be a believer in the whole Friday the 13th myths but this had the makings of disaster/obstacles from the get go.

I arrived at the building and to my surprise the doors were not functioning so no one could get in or out. The clock was ticking away and access was not available. As soon as I made the maid aware of this Adrienne kindly came down to meet me. She came highly recommended by Dollar and to be honest she was one of those girls on my wish list that I'd always say maybe next time for one reason or another.

Upon sight of this beautiful gem of a lady I realised that the doom and gloom of the day was all about to come to an end lol.

She never rushed me or asked for her money, if anything it was such a natural encounter with a woman that truly was looking forward to meeting the black panther.

Great OWO ... her human vibrator tongue on my cock had my weapon rock hard instantly
Amazing involvement (the girl not only is good at what she does but really enjoys it).

I returned the favour much to her delight :)

Multiple positions then she said let me know when you are ready ill suck you to your finish.

I could have been more graphic but choose to keep that between us - she really was engaging and never at any moment seemed rushed to or bothered to check the time.

Treat this one well lads and the reciprocation will be our of this world.

Pleasure to meet you Adrienne and you know what? I might just take on your challenge to book the dynamic duo of you and Dollar next
