The Story:

Was caught in 2 minds as was just back from a long haul flight. Went to see her and the rest is history.

Very friendly young gorgeous lady.

Started squatting giving pretty good head OWO. Then on to the bed to continue- I had to return the favour and she was totally connected to me, our fingers locked, her eyes closed head in the sky seizing the moment lol

On with the rain coat - multiple positions and eventually came in her mouth after politely asking. (I could tell she did this just coz it was me - others may have had a different result) treat a woman with respect and she can sense genuineness!

Really really nice girl I'm a firm believer if someone has done good people must know.

Thanks it was good to meet you
