The Premises:

HOD near Victoria Station. Well described and a decent place.

The Lady:

Tall, pale skinned red head. Not as pretty as I had hoped but decent enough and has a good, statuesque figure. Overall I was satisfied in that respect but not wowed.

The Story:

A poor experience. HOD is my default choice in London and can usually be relied upon for attractive ladies giving good service at reasonable rates. I've become quite partial to redheads recently so was looking forward to seeing Helen. But it was a poor experience.

Helen was completely passive and disinterested and barely went through the motions. Perfunctory and short blow job before she lay down. I feared on her jugs for a while before going down on her for a while which she at least seemed to enjoy. On with the condom and mounted her for a while and ended up with her tossing me off.

Overall, I'd have been better off having a wank.
