The Story:

I was well overdue a visit this lady so as I had a brief window of opportunity whilst in the area I was able to make a reservation

I was a bit early and Alisha had only just arrived so she greeted me (good to see she remembered my name)and took me straight through to the room - even though she was still in her civvies she looked as stunning and as happy as ever - she left me to take a quick shower

She returned very soon and came bouncing into the room (both physically and metaphorically speaking :D)

Jeez - her breasts were even bigger than before and the basque was not very successful in containing them

Alisha and I had a quick catch up - and then I remarked that her boobs seemed bigger than I remember

She pulled the top of her basque down to release her puppies (actually puppies is not the correct way to describe them - they are each like a fully grown St Bernard ;D)

"Yes they are bigger " she laughed "That's lockdown for you "

Nevertheless they are still pointing in the right direction !!

But then as she knew we only had 30 mins she suggested we get down to some action

"What would you like to start with" she enquired and so at my request it was straight into some great OWO and Alisha's technique is second to none

Plenty of deep throat and ball action

"Let me know when you've had enough" she pointed out "and we can do some fucking"

I enquired if she still did anal and she removed me briefly from the back of her throat and looked up and said "Sure do " before going back down

Then she slid up and straddled me rubbing her pussy on my chest (God that was a great feeling) before encouraging me to play with her tits

I took one in each hand (I'm not that good with weights but I reckon each one was about the same a bag of sugar if not 2 ;D)

"I bet you get a bad back carrying these around all day "I joked

"I do, but all you guys seem to like them - I can't go anywhere without them being stared at " she laughed

Then she buried my face in them before a tit wank

On with the cover and she mounted me in cowgirl

Brilliant - with the right girl who can mix it up a bit it's the best - and Alisha can certainly mix it up

Then I noticed as she bounced up and down that her juices were pouring out of her and my cock and pubes were soaking

I asked for a CIM finish which she said was no problem (but no swallowing) but before we got to that it was time for anal doggy

"I knew you would be after my arse " she joked as she got into position

I struggled at first as she was so tight and then I remembered we had not applied any lube

She laughed and said "silly me I was in such a rush to get you in my arse I forgot"

Suitably lubricated we were soon successful in our attempt at re-entry - or should that be rear entry :)

Alisha asked me to be gentle at first but we were soon both "swaying to the rhythm " at each other Plenty of encouragement from Alisha - I had intended to finish with CIM but the sight of that little tushy rocking back and for was too much and I came in the bag

Alisha complimented me on my gentle approach to anal saying that it was just how she liked it

Time for a chat as Alisha took a shower - she said she had taken a break from the business but was glad she decided to come back

"I mean" she said " what other job can you arrive at work and within 20 mins have a cock in your mouth pussy and arse and get paid for it"

Summary - a must visit for all you guys who like petite friendly blondes with a nice happy smile and demeanour- a pair of big natural howitzers at the front and a cute tushy (which is available for an extra £30)
