The Story:

I have had my eye on Lisa for a long time but never managed to be able to get my schedule to work, as soon as the opportunity presented itself I was in there.

I waited in the lounge at the top of the stairs and she invited me into the room, her smile was so welcoming, I knew straight away I had made the right choice.

We chatted a little and has a lovely manner about her of sophistication and gentle ease. She started on me with a nice back massage as I always like to start these sessions. She worked on my back and shoulders and wandered down to my balls giving them a nice tickle and occasional stroke of my already arousing shaft.

I turned over for some lovely OWO, this was absolutely wonderful, nice slow and sensuous, and some licking on my prenum which made a nice addition to her skill set, she really knows how to make it an experience, this lasted for a decent amount of time.

It was now my turn to return the favour and to go down on her lovely shaven pussy. When this woman is happy she lets you know about it, she loves a nice slow build up all while concentrating

on her clitoris, take your time with her as it will definately pay dividends when she climaxes, and wow did it. She was amazing and it was a pleasure to hear her moan and jolt in exctacy while she orgasmed.

On with the hood, and time for a bit of mish and some infrequent kissing which was lovely, and play with her beautiful breasts. I asked if she liked doggy and she said she loves it, so a change of position where I unloaded 24 hours worth of spunk into her lovely body while holding onto her hips for a long sustained orgasm and a trip to heaven.

This woman is an absolute must see and worth every minute, I'm so glad I got to have a session with her after all of this time of trying to make it happen.
