The Story:

Visit was a while ago but i've been thinking about it ever since.

What a girl, got there and she started kissing me straight away lots of touching and grinding against me. Shared shower which was really good and included her sucking my cock in the shower, think this is a speciality of hers. Out the shower and then more cock sucking with her on her knees in front of the mirror, then onto the bed where she really went to town on me. I then ate her out whilst my fingers were in her ass, which she really seemed to enjoy. She then wanted me inside her so she rode the hell out of me, then mish, then doggy. All of which with kissing and some extra blowjobs whenever she could. Real intense and passionate all the way through until i finished.

Then gave a pretty good massage, whilst she rubbed her tits all over me and tugged on my cock until I was hard again.

Second round started with her again deepthroating me until she wanted me to fuck her again, this time I wanted to be in her ass and she said yes please. Most girls ask you to go slow and gentle to start with but not Anna, she wanted me to go at it hard right away. The politest way I can describe it was I smashed her back doors in, she was loud. She moaned loudly but mostly she was screaming at the way I was giving it to her, she kept telling me to go harder and to not cum yet so I made sure I did what she said. Doggy on the bed, then had her bent over the corner of the bed with one leg on either side, then prone. All of which was done with her head pushed into the bed to muffle the screaming. I came and got several good slams in at the end. She then laid on the bed with me and gently stroked me for a while.

About 10 minutes before my time was up she said she wanted to taste my cum, which she hadn't been able to do yet, so she dropped to her knees again and blew me until I came in her mouth, as

expect she spat it out but I didn't mind considering we had gone over my time already but she didn't care.

Again shared shower and she sucked my dick one last time in the shower for a good 10 minutes asking for my cum again but I didn't have anything left to give her.

The girl is filthy, and if you are into hard anal sex there probably isn't a better girl out there for it.
