The Premises:

Upstairs flat back room in my view the worst room of the venue.

The Lady:

Sarah very closely matches her pictures and has put a great deal of work into enhancing her appearance. Her breasts however are natural and are full and one of her best features aside from her gorgeous face. She towered over my 5 foot 7 in heals and had good makeup and sturdy stockings and suspenders which really aided my arousal.

The Story:

After money handed over we started off with standing light kisses until i was excited and then i lay on the bed and received a really awesome blow job which went on for ages. She rubbed her tilts all over my body before i suggested that she ride me. The best part of this was me lightly fondling her breasts and she obliged by indulging my face in them for all the time i wanted. Her breasts were way better than her hip action which was good also but put a little bit in the shadow by her breasts.

I asked to take her from behind and she said she" loved doggy" which lead me to the finale of the missionary position. I think i should have finished in doggy as the thick condom effected my sensitivity and i had to press quite hard to cum.

Generally she's one of the best sex workers I've visited in recent years and i would definitely visit her again. She well deserves her numerous positive reviews as her attitude was excellent throughout and although my tastes are vanilla I'm sure that she'll bring the same enthusiasm to delivering her other services. Visit her soon as she was coy about how long she might work there but this was in keeping with her teasing vibe so who knows!
