The Premises:

Annabellas is very well presented. Clean and tidy. A clean towel is put on the bed for every client. The customers service is wonderful. The rooms are elegantly decorated. And very importantly, moral is high with the wonderful ladies who work the! 5 star from myself!

The Lady:

Gemma's photos really do not do her justice in the slightest. She has an incredible figure as you can see. Beautiful natural breasts. A very beautiful and tight vagina. I am sure she does pelvic floors. She feels wonderful when inside her. However another one of her best features is her stunning eyes, which you can't see in the photos. I could gaze into them all day.

From the times I have spent with Gemma, it's obvious she wants to give her clients the best service possible. She wants her clients to feel as good as they can. From the moment you first see Gemma and she looks you in the eyes with such a friendly, warm, welcoming manner about her, you know you are going to have a lovely time. She always looks incredible. Very sexy. Also if you want an intelligent conversation Gemma is your Lady. She is very chatty if you are chatty with her.

I can honestly say Gemma is the best experience I have had with any lady in the industry. She is that amazing, the first time I met her for 30 minutes, I was back with her within an hour leaving. I have never done this with any other lady. She made me feel that good!

If you want the best experience then you have found it with Gemma.

The Story:

The first time I met Gemma I was blown away. We instantly had a rapport. You feel like you have known her for a long time. We both got undressed and lay on the bed together chatting for a little while. Our bodies touching in complete comfort as we chatted. Her eye contact is incredible. I could look into her eyes for an eternity. Very deep and full of intelligence. After a little while of chatting she took control. She asked if I wanted a blow job with or without. I said with. OMG. Really the best I have ever had. Gemma gets pleasure from pleasuring. I could feel this. The more she pleases her clients means she is doing her job well and it's a pleasure for her. She does her very best. She has

been in the game for many years now. A true professional and it shows with her level of service.

After a while of an incredible BJ, she ask what you would like to do. More BJ or sex? I said sex. She wants you to lead the way and do what you want. Forfill your sexual desire.

She asked what position I wanted her in. I asked for missionary. She looked so beautiful laying on the bed. My cock was rock hard. What was interesting is she didn't get any lube. I got into position and slid my penis into her soaking wet vagina. What a turn on. I noticed straight away she felt different. She was so wet and very tight. She feels so incredible. She would let me maneuver her into any postion if I chose, however missionary was perfect. She started to squelch down below She was that was. I caressed he stunning breast, stoked her legs, kissed her face and neck, held her butt checks and opened her up a little, and carried on having the mist beautiful sex with her.

After a time I came. What an incredible experience. She cleaned everything up with pleasure, including my penis.

We chatted for a little while until the time was up. Got dressed and she wished me fair well.

I than went shopping but I couldnt stop thinking about her. She is that amazing, I booked her again the same day after shopping ad had the entire experience all-over again.
