### The Premises:

The usual Annabellas flat in central Milton Keynes with ample parking nearby - some of the common facilities eg shower could do with a refurbishment but the rooms are stylish boudoirs as ever.

### The Lady:

Elizabeth is tall, with a beautiful figure of balanced curves, a mischievous smile, and long raven-black hair.

### The Story:

Elizabeth was welcoming and friendly from the outset. She is comfortable in her own skin (and who wouldn't be), and confident of her skills - her body is at your disposal. We started out with gentle foreplay and kissing, Elizabeth's teasing fingers working their magic. After a delicious bout of oral between Elizabeth's legs she returned the compliment, emptying me into her warm mouth. After a relaxing massage and chat, my penis responded to another round of fingers and lips, ready for sex - Elizabeth on top, then me between her legs, and a doggy finale. I find doggy a little impersonal for my tastes but not with Elizabeth looking over her shoulder, her slim waist curving down to broad hips, and her fleshy vulva funneling around my penis on each withdrawal stroke. It is those moments of eroticism which make such meetings memorable, and another was when Elizabeth covered her breasts with her waist-length hair and invited me to play hunt the thimble (nipples) with lips and fingers! No wonder Elizabeth has built up the reputation she has - shame it has taken me so long to experience it for myself.
