The Lady:

Apple is well reviewed, so what more can I add. A hot asian lady with a beautiful face, big eyes, very silky hair (currently with highlights), and a toned body that suits her. Age of early 30s is about right. She is around 5'4. Simply put, a hot sexy asian woman!

The Story:

After seeing Apple, now I know why Adam left paradise! If you ever watch the movie 'And God Created Woman', you'll think immediately of Apple, she is that good!! Apple oozes feminism. It is not just her hotness, but also her mannerism. She really knows how to turn a man on.

Apple came to the room with a backless mini dress. She looked fresh and sexy. She didn't even give me a chance for a Hello, and started kissing me passionately. I became immediately hard. She then kissed my body until down below, which made me even harder. We continued on the bed with an OWO and Apple took it all in. I never do CIM, but I couldn't resist and let Apple get the honor of being the first to do it. I exploded in her mouth within 5-10 minutes of the meet.

To relax, Apple offered a massage. To be fair, she is quite good at it. She started with my back, and on the flip continued with my chest. I became hard again. Looking at her, I couldn't but start kissing her again while stroking her hair and touching her tits. We changed a few positions and Apple tried hard to get me to come up again. What a ride!

Throughout, Apple was chatty talking about all sort of things. She is just sweet and tries to build a rapport making the experience pleasant. I enjoyed our conversation and had the feel it's a true gfe.

This was a memorable experience with one of the hottest ladies out there. No wonder Apple has all those good reviews over the years, she is a legend of HOD! For now, I need to go buy some apples while I think of our next meet.
