Kylie is good looking, with great tits, red hair down to her waist and a beautiful body. An Aussie, though...

The Story:

Once in the room Kylie adopted an ultra professional air, which you just know has been done a thousand times before. Started with a massage which was promising, but ended far too quickly (one minute). Then 'turn over' and on with a condom for oral. After a few thrusts she asked if I would like a finger up my arse (?10 extra!) to which I agreed.

Some more thrusts, no mouth all hands. Some words of encouragement from Kylie ('Go on you good thing (?)) and I came. It was all over way too soon.

After a brief break, she tried to encourage me hard again and I rose to the occasion thanks to the dual efforts of Guinness and Pfizer. But I couldn't come as she was way too clinical. After a short while she made an excuse to leave the room and came back raving about how busy it was in the lounge.

Needless to say, the session ended soon after and she was off to dig for more gold from dumb punters.

Kylie is great eye candy, but too slick and professional for me. I prefer more honest, naturally sexy girls.
