The Lady:

WOW WOW WOW is all I can say ! liked the look of the cheeky pictures on the website , but in all honesty they dont come close to how Julia looks now . She is stunning with an all over tan and a near perfect figure,gorgeous face and very few tatoos.

The Story:

When Julia walked through the door my jaw dropped and i couldnt believe my luck in picking this girl. Dressed in pale blue lingerie and high heels she looked stunning . How many times have you selected a girl on website photos, and then when you meet in person its a massive disappointment and you wonder if its actually the same lady or how old them photos must be.well this was the opposite where the photos although attractive just dont do her justice. I wont go into details of our time spent together, but i got everything i wanted in bucket loads and had a shuddering climax . lovely well spoken English lady who I clicked with straight away and will definetly visit again if i get the chance.
