### The Premises:

Free parking in supermarket central Milton Keynes flat very clean place and discrete up market apartment block

Show yes but did not use I shower shave and dress at home for my GFE it's all part of the build up

### The Lady:

Absolutely jaw droppingly beautiful Gemma is more than her pictures she is a Helen of Troy with a face as they say could launch a 1000 ships

Some reviewers have said why don't worry the girls sometimes wear normal clothes Gemma wore a shorts with a pink halter top tied at the neck She could have walked intown like this and gone shopping I really loved that The haler neck top reviled enough to see a tantalizing side boob and lovely legs if you could take your eyes of her face

As you can tell she ticked all the boxes for my view on beauty

No good at guessing age but would say mid twenties

### The Story:

This was an event to remember it was so spontaneous and real life it burned the time in my memory but before I begin I have to tell you I am a little deaf with old age and do not wear my hearing aids to these meeting just read the situation and react

Gemma opened the door and let me in except I thought she was the maid as they normally let you in

I immediately thought wow wish I had booked the maid with a smile that melted my brain she ushered me in a fleeting glance at her side boob in the shorts and halter top I thought wish I could book you As you're dressed like girls in the town but with this air of class and control

She showed me to a bedroom and asked if I wanted a drink and left The maid returned with a glass of water gave it to me turned and closed the door wow this is going to be embarrassing if Gemma walks in and catches me with the maid she then walked up to me put her arms around my neck kissed me and said I am Gemma hello

Thought I had died and gone to heaven I was standing in front of a drop dead gorgeous woman and all I could say was thank you for seeing me think I said it several times as she started French kissing me

I kissed Back and as with a girl friend let my hands wander we are both fully clothed and this added another layer of authenticity to the experience I undid see halter neck and kneeled down in front of her and kissed he boobs tummy thighs and labia

I stood up to kiss her face and Gemma said one of us has to many clothes on I soon changed that We moved to the bed and more French kissing and stroking I told he I like my nipples been squeezed and bitten and she obliged as she stroked and kiss my body looking for any other erogenous zones I had not fess up to she found another two to my delight

Gemma then ask if I would like oral I heard this as would you like oil assuming a massage and said no

She came back beside me and we kissed and I said would you do a blow job and she said you just refused

We laughed about my hearing and she said next time keep your hearing aid in the a part of you and nothing to be ashamed of

Then followed a mind boggling blow job good does not describe it plenty of eye contact and I could sense she was enjoying this as much as I was

Then it was my turn to experience every inch of her beautiful body with my tongue and lips

I asked her to put the condom on now so she could relax an not worry I was going to try something silly

It was such an erotic experience that while I was sucking her lips she put he hand down and had an orgasm

We then did sex in several positions Gemma was enthusiastic though out

I can not come and Gemma did everything to make it happen but I'd didn't while we dressed and talked Gemma assured me this could be solved for a man of my age 68 she asked several questions with pin point accuracy to show me what I need to do to correct the problem which I will not go in to here

I said if I do those things and come back in a month she said don't leave it that long

So Will book to see Dr Gemma very soon
