The Story:

Was greeted by the maid & shown to the room at the back of the flat. After a quick shower, Elizabeth came into the room in a black one piece & high heels. She joked that she was taller than me, so took her shoes off. After a quick chat about what I'd like we started kissing & with her hands wandering, my towel was removed so she could start stroking me. She undone the poppers on her lingerie & slowly took it off, revealing her naked body, & what a body. From the moment she walked into the room I knew I was going to enjoy the next hour, & now stood in front of me it took me a few seconds to get my breath back. With more kissing we moved on to the bed where I was given owo. We changed position so we could 69 for a few minutes. I wanted to snowball, but Elizabeth didn't feel comfortable doing that, so with more oral I cum on her body & proceeded to clean her up by licking it up. I'm not sure if this was the first time this had happened with Elizabeth but the kissing afterwards was not the same as before. At the start it was light french kissing, now it was gentle kisses on the lips. Not that I'm complaining as it was soft & sensual. I was given a massage while I recovered & then on to round two. With some more oral then on with the cover Elizabeth climbed on top of me & started to ride me. Watching her bounce up & down on me was a sight to behold. We changed positions a few times but with time running out I took the matter in hand while giving Elizabeth some more oral. Unfortunately, time was against me & I had to give up without a second pop. So with another shower & one last kiss I was on my way with a big smile that lasted the rest of the day.
