The Story:

It must have been rush hour, in addition to the shift change of girls, there was a surge of bodies coming in which made for some uncomfortable reading and looking around interested in the lounge until i managed to get my appointment. One bad mark was i had already booked simone as i saw her come in, but the person on reception had forgotten to tell her and she went of with another client leaving me waiting another 35 mins.

Finally got into room. Simone started with nice massage and she was very easy to talk with. Turned over and decided to go for full sex etc. OW and i was nice and hard, simone moved to cowgirl with some very sexy gyrating but as usual, i lost my firmness with those darn sheaths, tried various other positions with no success, had to be finished by hand with oil - nice little explosion. I really liked simones attitude and i am definetly going to return hopefully without so much waiting time next visit.
