The Premises:

The ground floor flat near the shopping centre. Plenty of pay parking nearby. Arrived bang on time, buzzed in & met by the woman herself who remembered me from my previous visit some four years before. There are shower facilities available but I was fresh, clean & trimmed already.

The Lady:

If anything, Apple looked even better than I remembered, complete with slight tan from a recent holiday. Lovely dark hair, sexy East Asian looks with a nice & perky pair of boobs & a pert bum. I find her particularly easy to get on with & she's very easy on the eye too. She also clearly enjoys her work!

The Story:

After showing me to the room, she went to fetch me a glass of water & returned just as I finished undressing. She made some appreciative noises & ran her hands over my body so I wasted no time doing the same to her. Plenty of passionate French kissing followed before she dropped to her knees to give me some amazing OWO with full eye contact. I also had the added bonus of watching her perform in the handily-stationed mirror. After a while we moved to the bed & the blowjob continued complete with plenty of licking of my shaft & balls. I was getting close so we swapped places & I ate her beautiful clean pussy out which she seemed to enjoy. I slowly introduced my fingers & this was met with some approval! She stroked me off while I played with her like that until it was time for the condom to be applied with her mouth. I was rock hard at this point & requested she ride me in cowgirl. She slowly slid down my length until I was fully inside her & we proceeded to fuck in CG, RCG, doggy (in front of the mirror again!) & finally missionary until I couldn't hold back any longer whereupon Apple got on her knees again, took hold of my thighs & gave me a no-handed blowjob (again with full eye contact) until I happily came in her mouth. The remaining time was filled with cuddles & chat which was the perfect end to a perfect encounter. Can't believe I left it so long between visits, will definitely return again soon. Overall it was an incredible experience, I can't recommend Apple enough!
