The Premises:

Monica's apartment was nice and easy to find in the Earls Court area. Nice and close to the station. Easy access. No elevator that I could see, and she's on the top floor, so if you've got bad knees, it might be something to consider. The apartment was clean and tidy, quite spacious with good facilities.

The Lady:

She's the girl in the pictures, you can tell. However, she is much weightier than her pictures would suggest. I'm not sure why they do this, because some men like larger women anyway. It wasn't a big problem for me, mainly because she had massive natural boobs. She is very pleasant, speaks pretty good English. Oh, and she's Polish, not Russian as the website said.

The Story:

The action was pretty good, but not the best to be fair. It had been a while since I'd seen a girl, so she couldn't do much wrong to be fair. Started with a nice massage – her suggestion. It was pretty good, and towards the end she took off her black lacy lingerie and started to rub my back with her boobs, over my shoulders and either side of my neck. Very hot actually.

Then she turned me over and started some OWO. She was going for a condom at this point, so I had to point out that I liked oral without one. She gave a halfway decent blowjob, but nothing to write home about. We had sex in only one position, which was fine with me. Her on top. This is not easy to describe, but suffice it to say that she was very excitable and came in this position with me playing with her huge tits. I requested that I finish between her boobs and she agreed. A nice tit fuck to end things. She went a little bit over the top with the disinfectant spray after we finished, and it was hard not to be offended.

A nice girl, good service, but not remarkable.
