The Premises:

One of the flats off the Hub in MK, tidy, clean and fit for purpose. Only about 15 minutes walk from the train station, with plenty of cheap parking in the vicinity if you travel by car. Easy to find. The Hub is not busy early on a Saturday morning, but even if it was, I don't think anyone would notice you entering a block of flats off a side street. I have never felt exposed, people just come and go from places like that, no one pays any attention.

The Lady:

Jess is one of the best looking escorts you are ever likely to see. The phrase drop dead gorgeous sums her up perfectly. She has a perfect hour glass figure, with firm natural boobs, a face to die for and long black hair down to her waist. No noticeable tattoos, no nose ring or intimate studs - Just take a look at her profile pictures, they are spot on, she is truly that stunning in the flesh. Sex on legs.

The Story:

I generally don't review girls that already have loads of good reviews, but I am going to make an exception for Jess this week to highlight the contrast between this visit and the car crash booking of the previous weekend. I have booked Jess on several occasions in the past, both solo and duo with Bunny. This was my third booking involving her this year, so it is fair to say I knew what I was walking in to on this occasion, I needed the confidence boost!

I arrived a couple of minutes early and was met at the door by Jess herself, despite all our previous meetings, her beauty still takes me a back. She greeted me by name with a lovely smile and a kiss on the cheek. She then indicated which bedroom we would be using. I quickly visited the bathroom before entering the room and started to strip down to my boxers. Jess entered at pretty much spot on 11:00 and we immediately started French kissing, as is normally the way, my cock stood to full attention, pressing against her leg, this caused her to chuckle and gently stroke the bulge. I suggested we both remove the little clothing we had on and lie on the bed where we kissed, cuddled, licked, sucked and fucked as if we were new lovers. No need for more details, we all know what a really good punt is like. No frowning, no pointed remarks, no passing me the wipes and then disappearing. Just 40 minutes of pure pleasure and mutual respect. Sure Jess did leave the room

while I was getting dressed at the end, but only for a couple of minutes and she was back, that is pretty normal, she needs to freshen up for her next client, we all get that. We settled up and I left after a final kiss on the lips and a cuddle. This is how 99% all my bookings go at both Annabella's and House of Divine. What happened last week was a real outlier and I felt it useful to post this to reassure people that while they may have a bad apple, or two, most of their girls are true professionals. Jess is one of at least five Eastern European girls that you know you will not go wrong with, she has restored my faith in the HOD group and I am sure I will be seeing her again soon.
