The Story:

A spot of evening action for PW this month. I am always a little wary about after-dark appointments and I rarely have truck with them, but I was feeling particularly in need this week.

However, once the decision had been made it gave me an opportunity to sample Kelly's Angels' Evening shift ladies. As you will know, I only really have time for the legendary Bonnie (she seems to get into all my field reports doesn't she ?), but I had been asked countless times for my views on the other ladies in that establishment.

Not wishing to disappoint my readership (lol) PW read through a few old reports on 'that place'. Swindon being Swindon, the most under-reported Town (not city - that's got to be joke surely?) in the country they were easy to find. What I saw chilled me to the core. Sabrina got a few decent reports, but omg I saw report 12486 on a certain 'Viki' (and bearing in mind my earlier encounter with another WG in Kelly's), I shuddered at the thought. I had made up my mind only Sabrina would do. I made the customary phone call. Who was working that night ? Vicky and Sabrina. Report 12486featuring Vicky.....

I agreed a time and insisted on Sabrina. I noticed they seemed to be a bit more organised than usual. They have a new rule we wil all like too - the girl must stay in the room with the punter for a minimum of 30 minutesgood policy. I arrived at the door. I was greeted by a nice looking long haired brunette : who called herself Vicky. She quickly told me that Sabrina was otherwise engaged so.....

PW never dips out at this stage. Not after I'd made the effort. It was too late to go to Sweet Honesty anyway. That report kept flashing before my eyes. I thought , 'this can't be that girl, surely'. She

really is quite attractive. Upstairs we went and I was offered a drink and an ashtray (at my request) and waited a while for the lady.

When she came back I told her about Punternet (I didn't mention that report). She seemed a bit perturbed by this but I reassured her that my reports are accurate, usually over-lengthy, detailed and above all, fair. After payment, and agreement on the services required : owo, sex, we proceeded to undress, Vicky displaying more than ample charms in black lingerie. We started with a creditable back massage after which I turned over and sampled the delights of her 40DD bust. No worries here I thought. Off came the knickers to reveal an nice enough pussy. Not the hairy mess the previous writer encountered, but a fairly suckable chewy minge. Sure I prefer a beaver like Suzy or Bonnie (them again!), but I got down to business and so did she. Very nice, very nice indeed.

What on earth was that guy in talking about ? She wasn't too chatty either, sweet talk, not the pathetic filth some WG's think men enjoy. This was getting better and better. I tried a kiss. No sir. No snogging. Oh well. I can live with that. I just found it odd that this lady is happy to leave lipstick marks all over my private parts, yet wouldn't kiss - I must be Rasputins double or something.

The sex was good too and all the other things we did (no A by the by, which I don't go for anyway). Hell I give this lady 8/10, this was great.

Poor Vicky was terrified I would give her a lousy report, which I would have done if she had been awful ; I never mince my words as you know. But no, this was an unhurried, gf-type experience and I don't believe she tried too hard to impress which is to her credit. Two points though Vicky and I'm sure you will take constructive criticism (and I don't mean it patronisingly, although it sounds like that) :

1. Let the punters kiss you. You are a cuddly, personable, attractive lady and giving a close-to-gf service, you'll find it worth it.
2. Sorry about this one, but if you are offering RO you follow my example ! You know what I mean.....you'll find customers asking for you then I guarantee it.

I chatted with Vicky downstairs for ages afterwards and she really is a lovely lady. It seems that she has had to put up with some arrogant types of late. And damn it, she has a point. I just don't see why guys treat these ladies so badly. Treat them with respect and decency and a bit of understanding and you will reap the rewards, and so will we all.

Oh yes, I asked to meet Sabrina on the way out. I'm glad I did. What a little smasher ! She is very attractive, with wonderful deportment and dress-sense - delightful to talk to and heck she's even got a degree ! I'll be back to see you Sabrina.....don't go away !
