The Premises:

sandy of prestwich is in a row of shops....but dont let that put you of as it has a very discreet entrance. the area in which it is in, is a respectable area of prestwich.once in side i was made very welcome indeed i walked into the waiting area and as i sat down the maid told me that morgan was availble the room and every where was very clean.

The Lady:

morgan has a lively personalty..full of life. slim with a nice tan (all over no white bits) you can tell that she likes her job one hell of a lot. once in the room she made me feel very welcome. she comes across as if you've know her very well and that she is pleasd to see you.

The Story:

once in the room she give the most relaxing massage i have ever had..very touchy feely. morgan also used her tongue very well.

to start of with morgan offered me a dildo show....and i gave her oral. she offered oral without for an extra ?10 which i had we had sex aswell and at the end i asked her, if i could buy her knickers of her which she i did for ?20. this girl should not be under estameted she is a total live wire in the room....one not to be missed you've been warned. i will most definatly be back to see this one.
