The Story:

this was a couple of weeks ago now so i am not certain of date. very disappointing punt. was hoping for a jee-jee experience, but vicki was not of the same quality. She kissed albeit reluctantly and with clenched teeth. OWO was ok and i was just getting into it when she got up whipped out a condom and popped it on. I wanted to give her reverse oral but she was again reluctant. went on to sex in missionary and doggy style and she very much seemed to be going through the motions. I was losing interest by this stage and lay back and wanked myself with her watching. ok massage and then more owo and wanked off a second time. come back jee-jee where are you?
