The Story:

agreed on ?200, 1 hour visit. very clearly and specifically agreed on twice before payment. got the cash, made me wait in the room for 10 minutes. came back. started moaning immediately. put the condom on. sucked for about 20 seconds. while all of this is happening someone is walking around the flat banging doors which makes me very uncomfortable. suddenly on top of me, moaning again very artificial. I come, and think okay that was just the starter and I will enjoy it more the second time. to make a long story short, there never was a second time and I was completely ripped off. and don't get me wrong. i have had some great punting experiences. i am always very clean and very polite and I have a lot of respect for working ladies. but this girl hates her job and makes it very obvious. keep away. she also uses the name carla in an agency and I wish I had read the report on her under that name before wasting my ?200
