The Premises:

Ambassador is now officially run down. The staff levels are very low. Sauna and steam room were not switched on and the lockers are not secure.

The Lady:

Cairan (I know it's a boy's name) is late 30s with blonde hair and a slim body. I think she drinks a bit, as she slurs a lot and repeats herself. Smallish tits but neat enough.

The Story:

The choice here was down to two girls - one six foot black woman who scared the life out of me or a skinny blonde who gibbered a load of pish. No contest, the gibberer had it.

In the room (I was pissed) I was asked for the money and gave C a ?10 tip. This was a good move as it appealed to Cairan's avaricious side and she figured there was more to come.

She kissed me a lot and then gave me oral - head locked still, mouth clamped over my knob as if she had lockjaw - although she thought she was Linda Lovelace. Then I asked if she would rim me and after agreeing a definition of the verb 'to rim' she stuck her tongue up my arse. This, on reflection, was very good and she went at it for ages, with much encouragement from me.

A bit more oral, then her on top for a good finale. All in all, a good wee shag.
