### The Premises:

Small ground-floor flat - clean in a student type of way. Safe area during daylight but perhaps not at night.

### The Lady:

Isobelle is about 25, very slim with small tits. Apart from a small tuft she is fully shaven. She was clean and underneath her dressing ground was wearing a suspender belt and black stockings. She was not unattractive although her black hair looked as if it needed a bit of work.

### The Story:

She started off with a talc massage - it seemed slightly hurried. After turning over she put on a condom and climbed on top. Whilst she seemed enthusiastic - at one stage rubbing her tits in my face - I got the feeling that I was being rushed. We then tried a 69 position before a miss. I was in no hurry and gave her a good pounding - she was quite tight and it felt good. After that I used the bathroom, chatted for several minutes and left. Curiously she gives a ?5 discount when you visit her for the first time.
