The Premises:

A modern purpose-built flat very near Chalk Farm tube station - not too easy to park around there! Safe location, and apartment was clean enough.

The Lady:

A pretty girl, and the type of look that I used to go for in a girlfriend (years ago!). I wouldn't say she's the drop-dead gorgeous type, but more the type I would normally be very happy to have "pulled" in a bar or club. She's about 5ft.3, with dark hair, slim build with nice boobs, and an extremely sensual mouth - perfect for kissing!

The Story:

This was a lovely punt. I actually posted this FR just before Galahad went away in mid-January, but it never made it to the Board, so I thought I'd re-post it as it was such a lovely experience!

I'd noticed Mine's details some time ago, and she was on my "must visit when I get a chance" list. We arrived at her flat at the same time, as she'd popped out to buy condoms! We had a chat and a drink first, and then progressed to her bedroom. We kissed - she's a fantastic kisser - and then I undressed her. At my request she was wearing classically sexy underwear - the full black get up with stockings and suspenders, which remained on throughout the session.

I occasionally "peak too early" first time round, but having booked a nice long session there was no rush. We spent a while kissing, cuddling and groping before she gave me delightful OWO for a few minutes, before I reciprocated with some nice long pussy-licking on her shaved fanny - yum yum! She seemed to come, but who knows these days!

Having then put on a condom, we then moved into mish, followed by cowgirl, during which I came. We then had a nice long chat whilst lying naked on the bed stroking each other. We even discussed the political situation in her native Turkey - sexy or what! She's a very interesting girl, and has just the type of "innocent" aura that I like.

Anyway, it was time for round 2, and she got me hard by again taking me in her delightful mouth. Having "rubbered up" again, we then went onto more mish, before finishing off with doggy at her request (her face down on the bed, thrusting backwards as I thrust forwards) during which I came again. I'm not normally a big fan of doggy, but Mine is a very sexy girl whose request I couldn't refuse!

We chatted again before I had another drink and then left with a satisfied grin on my face.

One thing - I see that the price quoted on the Agency for her is now ?250p/h which seems very

expensive. At that rate it would have been ?375 for my 90-minute session which is out of my price range. Check the price before you decide it's too expensive - I'd certainly describe as being value at ?275 for 90 minutes.
