The Lady:

Cherry is very much as she appears on her website, a good-looking lady in her thirties with a trim and shapely figure.

The Story:

I had met Cherry at Laurenlips? London party but only socially, so I was delighted to see her at the PN gathering in Birmingham and have the chance to take matters further. The logistics got complicated, but eventually Cherry and I were alone together and I was able to discover what a delightful and sensual person she is. She likes to take her time in a delicious mutual exploration and seemed to much appreciate a gentle stroking finger-tip massage and some oral attention. I had drunk more than was really wise earlier in the evening, but with patience and skill Cherry brought the half-dead to life and a climax was achieved.

Cherry is obviously intelligent, well-educated and well-informed and I think would be an ideal escort for a longer dinner-date type of appointment. She would also reflect great credit on anyone lucky enough to have her as a companion for any social occasion I could imagine.
