The Story:

Every one knows there are many oriental escorts and working girls who are advertised as being Japanese. But when you get there they turn out to be from Thailand or China, and because you can't be bothered to waste more time you end up making do with what you have.

A Japanese escort definitely has something special. It's their extreme politeness, ivory soft complexion and respectful demeanour. I can safely now say I have truly found a genuine Japanese escort who has all the above characteristics and is very intelligent and has drop dead gorgeous good looks. Emiko is 100% Japanese and 200% great fun.

Going into all the details would not be fair to the experience, she is a fantastic girl who deserves to be treated well and returns the favour ten fold. Definitely the best time I've had in a long time. This girl is charming and you can actually have an intelligent conversation with her, most oriental escorts can't speak a word of English but Emiko is the type of girl I could take to dinner to my boss's house.

Thank you Emiko you are the best Japanese flower ever.
