The Premises:

Debs' flat is a clean, homely and comfortable place just around the corner from Anerley Station. Ignore previous idiot poster.

The Lady:

Debbie is an attractive brunette in her mid thirties. She has a particularly curvy figure and well-turned legs; she also has rather nice eyes!

The Story:

This has to have been my best session with Debbie yet. I brought along some props for this session, and asked Debbie to change into school uniform for a little role play.

Over-the-knee spanking for naughty Deb to begin with, then I introduced her to the 'pop rocks' technique. This was something I'd heard from friends in the US; pop them in your mouth, and they begin to pop too - just the thing to make 'O' levels more interesting! Debs passes with flying colours in this department. Eye contact during enthusiastically given head - good.

As if things couldn't get in even more of a swing (pardon the pun), Debs fetched the flogger from her toy collection and presented me with it, much to my surprise... and joy. I, of course, was only too happy to oblige in warming her bum up even more, whilst letting my fingers slip inbetween her legs with every few strokes of the flogger.

After which I went down on her for a good while - after flogging her bum with the crop, I flogged her clit with my tongue until her hips bucked. Then time for some frantic doggie style fucking; I finished off by giving Debs a pearl necklace.

Enthusiasm and aptitude. A+.
