The Story:

I phoned a couple of hours before we met, and found her phone manner to be very nice. On meeting her she made me feel very at home. Jas does O without, A with. She kisses and lets you come in her mouth, and she swallows. I paid for half an hour but eas there for just over an hour. She does not rush and I got the feeling that she really enjoys her work. She works for you and not fo herself. She always asks what you would like , and is always happy to comply.
