The Premises:

End house on street in central Swindon. Entrance is a bit exposed, but area is quite, though I expect that there could be some curtain twitching from the neighbours. Parking is a nightmare as all the roads are reserved for residents only. I ended up in the local shopping centre which is about a five minute walk away.

Inside, is clean and tidy.

The Lady:

Tall willowy blonde, sexy legs and arse. Very small tits. Shaved.

The Story:

I had rung earlier in the day to find out who was available and the cost of the service, specifically asking whether reverse O was in the price. I assume that the lady I spoke to must have been Kelly, who gave a good description of herself and only mentioned that Libby was the second lady on duty. Fortunately there was an excellent FR on Libby, which made my mind up.

Having arrived I was let in by Libby, who assumed, as did Kelly, that I wanted to see Kelly. I asked to see Libby, to which she agreed. We repaired to one of the two bedrooms upstairs. Money matters dealt with, Libby left me to get ready.

On her return, we started with the customary back rub, during which we made the usual small talk. Then she got me to roll over and started on my chest, giving my cock a stroke ever now and then. She asked me what positions I liked, I told her that I like missionary and cowgirl, but wasn't so keen on doggy. I said that I liked reverse O, but she said that she didn't. Which was annoying having asked earlier on the phone, but I assumed that as it had been Kelly that I had talked to that when she said that it was on the menu that she was referring only to herself.

More stroking and gentle wanking, before the rubber is applied. At this point I expect Libby to give me a BJ, but she wants me to fuck her. Now although I am not fussed about having a blow job, I feel that it is part of the service. Maybe I should have asked why she wasn't giving me one, but didn't. So, Libby lies down on the bed and opens her legs, giving me a view of her lovely shaved

pussy, shame that I was not allowed to explore it more thoroughly with my tongue. I climb on top and slide in to her, at this point Libby is rather dry but soon lubes up and starts to make all the righty noises as I fuck her. Then we switch round and she rides me to her climax. I finish off by wanking whilst she plays with herself.

To conclude, Libby is a lovely lady and an excellent fuck, but at ?60 this to be honest was poor value for money. Maybe I should have been more assertive in making sure I got a BJ, and was dissapointed in not getting to go down on her, but then again some girls find reverse O too intimate and keep it for their partners.
