The Premises:

As per previous FR's - clean, friendly & 7 Girls to choose from.

The Lady:

Tall, Blonde, slim, medium pert tits, highly attractive & young (late teens) with a very fresh and friendly face. Only done this for 3 weeks and had only slept with one other man before starting (steady boyfriend apparently)

The Story:

I was a bit depressed in the waiting area as there was none of the girls were my type really (too much hairspray & makeup) until Zoe walked in - she really is nice. I booked her before she even sat down much to the big chinese guys disappointment..

Quick average massage and general chit chat followed by a most amazing bj without condom and then to my pleasant surprise she started kissing me passionately with deep tongues.

I gave her a good muff dive which she seemed to enjoy immensely and then rubbed my cock up and down her clit several times with the head going inside her before asking for a condom (I still wonder if she would have took it all in without).

We fucked for a while with me on top and her grabbing my buttocks and thrusting me into her whilst in a real kissing extravaganza. It was far to excitng though and it wasn't long before I fired.

Nice chat lying naked by each other after.

I just can't wait to go back..

I did rate Pippa highly on last FR and they were both different but I'd certainly choose Zoe first.
