The Premises:

It has already been stated in numerous FR's. Directions were perfect and the flat was clean and tidy.

Felt very safe even though it was midday.

The Lady:

Debbie is sex personified and Lee is not far behind.

The Story:

I had already e-mailed Debbie with my specific request which was the 'Tie and tease' session but with a friend as well for part of the session. I arrived on time and was immediately made to feel very welcome and had a lager whilst Debbie put on her make up, this is the sort of detail that this lady will go to, chatted to Lee as well and was under no pressure at all.

Debbie is a person who really enjoys her work and Lee actually came out of retirement for the occasion. Debbie and I went into the bedroom and Debbie went to work on me. Eventually she had me exactly where she wanted me, bound to the bed and got me worked up several times, this lady really knows how to tease. Then it was time for her to show me off to Lee. This was pure heaven, Lee and Debbie started to play with each other, with the toys as well, and all the time there was nothing that I could do. Then Lee started to tease me as well whilst Debbie concentrated on my cock and balls, how I didn't come on the spot is a testimony to both ladies. This seemed to go on for ages and several scenarios took place all the time my cock felt like it was going to explode. Well as they say all good things have to come to an end and this was the coup de grace I had Debbie riding me, while Lee had her pussy firmly placed on my face when I can honestly say I had a monumental orgasm and can now die a happy man !

There was no rush afterwards and I had another beer and one of Debbies famous donuts, we all chatted for some time until I regained the use of my legs !!! then sadly it was time to go, this is how friendly Debbies is, because she said that if I had to wait a long time for the train then I could go back and wait with Lee and have another beer / donut, that just might have been tempting fate a bit. Anyway a great time was had and will remain with me for as long as I live.

Lee, I would seriously reconsider retiring.

Will I be back ?. Absolutely , surely I must have another meeting in town soon.....
