### The Premises:

Reasonably quiet block of flats, with decent parking. Not the most selubrious area, but I didn't go for the scenery!

### The Lady:

Marie's a petite bundle of dynamite, about 5ft tall with jet black hair and the finest set of fun-bags I've ever had the pleasure of gnawing on. She's in her 40's, a bonny lass ... sod it, have a look at her website, it's accurate and upto date.

### The Story:

Christ, I had fun!

Being a first timer, we had a bit of a chat and a giggle to ease into things. To my delight, she ain't all boobs and bustier - she's got a great mind and proved wonderful company. We chatted about all sorts of nonsense, and within minutes I genuinely felt as though I'd known her for years, or I'd certainly liked to have.

Soon we moved into the bedroom, and within seconds my pants were round my ankles. She's reassuringly safety conscious with scrupulous hygiene, and shares in Durex. We tried loads of positions, and truthfully, bar a few no no's, the only limitation is your imagination. Best of all, she's fantastically responsive, and sincerely loves her work. Treat her right, and the rewards come thick and fast ... just like I did!

To my mind, Marie's got pretty much everything you could ask for, and my only regret was that I didn't book for longer ... but that'll be remedied next time!
